## WORK HISTORY

### Game Developer

06/2024 - 10/2025

Independent Contractor

- Architected and delivered a full online multiplayer game system that launched on schedule, supported peaks of 3,000 concurrent users, and received continuous updates throughout its lifecycle.
- Engineered responsive user interfaces and gameplay mechanics optimized for player engagement.
- Implemented version control workflows and iterative development practices to maintain code quality.
- Collaborated with artists and designers to integrate assets and translate creative vision into functional features.

### Junior Software Developer

04/2024 - 05/2024

Independent Contractor (Internship)

- Designed and developed user interfaces following UI/UX best practices
- Supported frontend development tasks and resolved bugs to improve application performance
- Implemented user experience enhancements based on real player's feedback
- Adapted to remote work methodologies and integrated seamlessly with existing technology stacks
